Braving the rain!

IN THIS ISSUE

- LATEST TEAM NEWS

Welcome back

Well done to all the players and coaches who braved the rain on Sunday! We will always try to run training if we can but the safety of the players and coaches comes first. Any changes due to the weather will be posted on social media (our Twitter feed can also be found on our website if you don't use social media) and you can find further details of our adverse weather policy [here](#)

Please note, the OCs car park will be busy on Sunday (7th) due to a rugby festival, please avoid driving to the club if you can!

And if you need to refuel at OCs on Sunday, there'll be a fundraising cake sale by a group of local Esher High School students for a project in Zambia, they'd love your support.

U14 Boys Oranges v Woking

The boys faced a tough game in the EH cup vs Woking. The first half was quite edge as the teams went toe to toe and we went into half term 0-0. Following an excellent team talk from Director of hockey David Mathews about the need to up the work rate across the pitch, we started strongly with a lovely worked move that resulted in Ben M scoring a great goal. We had the better of most of the second-half but they started to press more with 10 minutes to go. We conceded with 2 minutes to go which should frankly have gone to the dubious goal committee. Penalty flicks to follow. Well done to the 5 boys who put themselves forward, very brave to do so. So a special mention to Zac H, Ben M, Charlie R, Rudi A and Charlie C but luck wasn't on our side, despite Fraser making an excellent save (and having a brilliant game). However, a great performance from the boys and they should hold their heads up high. Thanks also to Darren McKay for umpiring, always a thankless task!

Let's Go
BACK TO THE 80's
