Happy half term

Amazing to find we're already at October half term! With the season now in full swing, please keep an eye on Teamo for matches for older age groups and of course, keep an eye on the weather forecast. We will always try to run training but safety of the players and coaches comes first. We have a well-tested process for deciding whether the pitch is safe to play and any changes to training plans will be communicated via Twitter (which is also available on our website) and email.

A reminder there's no midweek training next week, with Sunday training returning on 31st and midweek training w/c 1st Nov. And it's still not too late to sign up to midweek training if you haven't already, just log in to LoveAdmin and you'll find it under 'extras'.

It's important every player/coach checks into training or a match via the Teamo app. The check-in option goes live 3 hours before the session starts. Thanks!

Latest team news...

U14 Girls v Surbiton

Lost 4-0 but a very competitive game and we held it to 0-0 for 40 minutes. The girls worked extremely hard throughout and saw some great improvements from our last match. Well done!

U14 Girls v Surbiton

Lost 6-0 and despite having their backs to the wall all game, the girls were fantastic, never stopped running, never dropped their heads and left full of smiles, knowing they'd been up against an extremely strong team and put in a great performance.

U14 Boys Oranges v Surbiton

A 2-1 win after a hard-fought game

U12 Boys Oranges v Dulwich & Tulse Hill and Bromley & Beckenham

The Lions and Tigers won both their games, with the Lions amassing 14 goals without conceding (including a short corner the Mens' 1s would be proud of!)

The OC Club
